Everything that matters starts with the inside you.

In the rush of living moment to moment, many of us find ourselves simply surviving; struggling daily with frustration, restlessness, boredom & ever-fleeting joy. But if we were to pause, we'd find that the things that matter most in life, what we are searching for in our busyness - stability, peace, hope, love - are rooted in the health of the "inside you." The book *How's Your Soul?* is an invitation to find lasting emotional satisfaction and stability by bringing our feelings into alignment with God's truth, moving beyond simply surviving, and learning how to live each day with eternal significance.

This group will center around the book "How's Your Soul?" with reading during the week, then coming together to discuss and reflect using video, study guide questions and Biblical exploration. Each participant will need to purchase a book, available thru the Bolton's.
